LOST APPETITE AND HOPE

Neglected Cold Caused Complication, Promptly Restored by Peruna.

Mrs. Rosa Boyer, 1421 Sherman Ave., Evanston, Ill., writes: "If any one has reason to praise Peruna it is surely myself. Last spring I became so run down from the serious effects of a lingering cold, that several complications united in pulling me down. I could neither eat nor sleep well, and lost flesh and spirit. I finally tried Peruna and it did wonders for me. In two weeks I was like another person, and in a month I felt better than I ever had before. I thank Peruna for new life and strength. I send you two pictures, so you can see what Peruna has done for me."

collection of pictures as I believe I have in these rolls. Scott was coatless and wearing only khaki shirt, riding trousers and puttees when he reached El Paso. He has burned the color of a coffee berry and has put on several pounds of flesh. "Huerta a Big Bluff," Scott says. "If I get some orders from the eastern papers I will go back regardless of Gen. Huerta's threat. He is a big, champagne drinking bluff."

MAJ. FELIX DIAZ REPORTED EXECUTED

Rebel Officer Charged With Inciting Mutiny and Deserting.

It is rumored in Juarez that Maj. Felix Diaz, who was arrested by military authorities in Juarez Thursday night, was executed at 11 o'clock Friday night, but Col. Pascual Orozco, military commander of the town, will not admit that this has been done, saying that Diaz has been sent to Bachimba, where the rebel and federal forces are expected to meet. The military commander, however, speaking of Diaz, said: "Maj. Diaz might now be with the angels, for all I know." The cause of the arrest of Maj. Diaz, according to Col. Orozco, was his refusal to obey orders and had tried to start trouble among the soldiers in the town, when he had become intoxicated and had been very disorderly. Other people, some of them military officers, say Diaz tried to get many soldiers free from jail by force and had threatened a mutiny. Col. Orozco claims that Diaz had deserted from Bachimba.

Maj. Diaz has been the center of the rebel forces of Orozco since the revolution opened and previously had been in the Madero revolution. He took a prominent part in the mutiny of the garrison in Juarez last January and later was arrested by the officials of the town as one of the instigators of the mutiny. When the rebel forces took the town he was released and replaced in position as chief of detectives of the town, the plan being to use the government of the mutiny for Zapata.

Later Diaz was arrested by the rebels, but was only kept in jail for a short time, being given his release and going to the south with the troops. The Juarez citizens and officers are decidedly reluctant about the fate of Diaz, but many of them express the belief that he has been put to death. "Anyone caught looting in Juarez in case of any disorders and trouble in the town and in case of a reverse at Bachimba will be shot," according to Col. Pascual Orozco, in answer to the fears of many people that there might be disorders in the town. He said he did not expect any disorders of any kind from either the garrison or the rebels, but if there were any of this going on, they would have to pay the death penalty.

REBELS READY FOR THE FRAY

Federals Delaying, Apparently to Get Into Proper Position.

Rebel Front, Bachimba, What appears to have

crails puzzled the rebel leaders for a time today. Instead of advancing from Ortiz when the big bridge was completed, the federal columns adopted a dilatory course, moving troop trains back and forth as if experiencing difficulty in bringing their artillery ahead.

The rebels here are patiently awaiting the attack. Gen. Fernandez with 400 men has been sent out of Bachimba and may encounter the federal outposts, numbering 800, at any moment.

Federals Waiting. At Gen. Huerta's Headquarters, Ortiz, Mexico, June 29.—With the entire rebel army fortified at Bachimba, 15 miles north, the federal strategists have mapped out a plan aimed to prevent escape of the rebels. It is believed there will be no fighting for at least three days. This time is needed to give the various detachments an opportunity to assume designated positions. The federal advance guard has reached Cuernavaca, a few miles south of Bachimba.

REBELS AND FEDERALS GATHER NEAR COYAME

Marfa, Texas, June 29.—It is reported that a strong rebel force is at Coyame and that a force under command of Gen. Sanchez is at Cochillo Parado, only 20 miles away. A fight is looked for at any time. A force of federals came down the Rio Grande enroute to Ojinaga this week.

AMERICANS PREPARE TO PROTECT THEMSELVES.

Are Ready to Gather in One Place, Raise American Flag and Make Stand if Trouble Occurs in Chihuahua. Chihuahua, Mex., June 29.—Precautory measures have been taken here to prevent disorder in case of defeat in the expected battle between federal troops and rebels. All Americans have arranged to gather in one place in case disorder prevails. The American flag will be raised and the American consul will be in charge.

NO AMERICAN FREIGHT CARS PERMITTED ON CENTRAL ROAD.

Freight cars belonging to other roads are not allowed by the owners to be sent south over the Mexican Central road, which is now in control of the rebels, and coal which is delivered to the road has to be transferred to Mexican Central cars from the cars of the foreign road. At present there is a huge derrick with a scoop operated in Juarez transferring the coal to Mexican Central cars.

REBELS DISCARD RED RIBBONS IN JUAREZ.

There is a scarcity of red ribbons now among the rebels in Juarez. Many of the rebel sympathizers have ceased to wear the colors of the revolution lately and only a few of the customs house men wear them.

CUSTOMS MEN MUST WAIT FOR THEIR PAY

Only Enough Funds on Hand to Pay Half Salaries For June.

The local employees of the United States customs house here will have to await the passing of a deficiency bill by the United States congress, appropriating funds for the customs employees' salaries before they will receive their full month's salary for June. As it is the appropriation for the present fiscal year has been exhausted and there is only enough money left to pay half of the salaries of all of the customs employees of the local customs house. Every customs employee in the United States is similarly reduced to half pay by the scarcity of funds. Just exactly what you need; we have it: a combination griddle, frying pan and toaster—three in one—for the small sum of \$5.50. Guaranteed. Texas Electric Supply Co., "House of Quality," 119 N. Stanton St. You ought to wear one of those beautiful soft shirts Bryan Bros. have.
